

## **SPORT EDMONTON**

### **Manager - Community Development & Social Impact - Job Description**

*Sport Edmonton is here & we're about to do some really big things for Sport in this City. Come be a part of this exciting launch. We are looking for a true leader who can be a champion of sport in the community. If you want to make an impact, this role is for you. You will be responsible for all aspects of the community engagement and event operations plan moving forward. This is a unique opportunity to be part of something that is truly raising the profile of both Community and Sports in Edmonton.*

#### Responsibilities:

- Develop and implement a community engagement plan that uses sports to make a positive impact in Edmonton communities.
- Identify grass roots sporting events and programs to partner with and support financially / operationally.
- Connect with local sports and community organizations to assess their needs and how Sport Edmonton can best assist.

#### Qualifications:

- Strong communication and operations management skills are essential, along with a proven record in operations management and the ability to manage strict timelines.
- In-depth knowledge and understanding of the Edmonton sports environment from organizations to community leaders.
- Experience with startups and building something from the ground up.

#### Timeline:

- Posting Closes, Monday April 8th 2024.
